REQUEST FOR QUALIFICATIONS
RFP 2024-19
PAVEMENT MANAGEMENT CONSULTANT SERVICES

The City of Wildwood, Florida, is requesting responses from qualified consultants regarding the selection and implementation of a pavement management system.

Brief Description Summary: The City is seeking professional services consultants for a pavement management system recommendation and implementation. The selected Consultant will assist the City in selecting a pavement management software system to manage the approximately 135 lane miles of roadway. Additionally, the Consultant will provide guidance on selecting a methodology to complete a pavement condition survey that will effectively work with the chosen software.

Download Documents: The current Request for Qualifications and potential addendum documents can be downloaded from the City of Wildwood website: www.wildwood-fl.gov/rfps and also on DemandStar: www.demandstar.com

Pre-Proposal Meeting: No meetings are scheduled prior to the Response Submission Deadline. Questions may be submitted on or before the completion date listed on the Calendar of Events / RFQ Timeline of the Request for Qualifications.

Due Date/Time: Response packages (qualifications) are due on August 1, 2024, on or before 11:00 AM eastern time. See the Request for Qualifications document for further details regarding submittals.

Supplier Registration: Receive notifications of bid opportunities by registering on DemadStar: www.demandstar.com/app/registration
