No. 2024-24**

**CR 501 WTP IRON FILTER IMPROVEMENTS
ADDENDUM NO. 3**

DATE: June 10, 2024 Project Number: 142173320

This addendum forms a part of the Specifications and modifies the original Document as noted. Acknowledge receipt of this Addendum in the appropriate portion of Section 00300 with the submitted bid. Failure to do so may subject the proposer to disqualification.

1. Just wanted to mention that on Spec section 11950, page 9, para. 2.11.A – it mentions a spec section 13315. This section is not listed in the table of contents nor is it in the specs itself. Is it missing, a mistake, copy from another project?

Response: This is a mistake and should reference specification section 26 29 13.

2. Another spec section appears to be missing - #460713 is referenced on spec page 262913, page 1, para. 1.02.2. It is not in the table of contents either.

Response: This section is to be excluded.

3. I don't see a bid bond form in the specifications. Is there a form you want me to use?

Response: You can use whatever bid bond form your bid bond provider uses.

4. Please add Commerce Controls, Inc. ("CCI") as an approved system supplier for the Process Instrumentation and Control System (PICS), as per Specification 253100, Para. 1.01-C.

Response: CCI will not be added as an approved system supplier for this project.
